The Adventures of Alice

What a brilliant show it was!! So many accolades that are still coming in. Well done everyone, and thanks to the Kimmins for the imaginative direction and to everyone for their hard work and commitment. From a delighted audience member:

"The production that we saw last night was absolutely brilliant. I had been to the West End the day before. I enjoyed Alice infinitely more (and it cost a lot less!!)."

Sketches are freely available from Angela if you'd like this record of the production, and photos are available to download from the website.
